

# Social Media How to Use whatsapp

## What is whatsapp?

WhatsApp is a popular messaging app that allows users to send text messages, voice notes, photos, videos, and documents instantly. With features like group chats, voice and video calls, and end-to-end encryption, it provides a secure and convenient way to stay connected. Users can also share real-time updates through Status, make international calls, and use WhatsApp Web for messaging on a computer. Whether for personal chats or business communication, WhatsApp keeps conversations fast, simple, and private across the globe.

## whatsapp in Five Steps

- **Download & Install** – Get WhatsApp from your app store and install it.
- **Sign Up** – Open the app, enter your phone number, and verify it with a code sent via SMS.
- **Set Up Profile** – Add a profile picture, name, and status message.
- **Chat & Call** – Start individual or group chats, send texts, voice messages, and make calls.
- **Share Media & Status** – Send photos, videos, documents, and post updates in the Status section.

By following these steps, you can easily connect and stay in touch with your friends and family on whatsapp
